KRASNODAR PETROLEUM WORKERS REPORT
1951 ACHIEVEMENTS, MAKE 1952 PLEDGES

Petroleum workers of Krasnodar Kray report that they fulfilled ahead of schedule the obligations assumed in 1951 for petroleum extraction and refining. They increased the petroleum extraction level 14 percent, the amount of re-fined petroleum products 39 percent, and the volume of oil-well drilling 19 percent above 1950.

Construction organizations carried out 14 percent more construction and installation work than in 1950 and put into use 145 million rubles' worth of industrial buildings, housing, and cultural and public buildings.

The workers make the following pledges for 1952:

Enterprises of Krasnodarneft' Association

1. To complete ahead of schedule the 1952 state plan for petroleum extrac-tion and oil-well drilling, to extract at least 40,000 tons of above-plan petroleum, and to drill at least 5,000 above-plan meters of oil wells.
2. To intensify geological, prospecting, and exploratory work both for petroleum and gas. To start industrial exploration in five new areas and to assure a 10-percent above-plan increase in industrial supplies.
3. To extend the use of secondary methods of petroleum extraction and to provide for maintenance of stratum pressure in two new areas.
4. To introduce the multiple-shaft method of drilling and to increase the volume of turbodrilling to 20 percent of all drilling.
5. To increase labor productivity 1.2 percent above plan in petroleum extraction and 1.3 percent above plan in drilling.

STAT

6. To reduce petroleum extraction costs 0.6 percent and the cost of one meter of drilling 0.5 percent below the plan.

7. To accelerate the turnover of working capital and to release 2 million rubles from the turnover.

Petroleum Refineries

1. To complete ahead of schedule the 1952 plan for all varieties of production and to deliver 21,000 tons of above-plan light-colored petroleum products.

2. To increase labor productivity 2 percent above plan, to reduce production costs 0.7 percent below the plan, and to deliver 1.7 million rubles in above-plan profits.

3. To deliver 600,000 rubles in savings as a result of technical improvements and efficiency suggestions.

Machine-Building Plant imeni XI Godovshchiny Oktyabr'skoy Revolyutsii

1. To complete the 1952 plan ahead of schedule for every variety of production and to deliver 300,000 rubles' worth of commercial goods above plan. To reduce production costs 2 percent below the plan.

2. To introduce the high-speed method of metal processing and to assure the conversion of 50 percent of all machines to high-speed methods of operation.

Construction Organizations

1. To complete the 1952 plan for construction and installation work and the plan for putting housing into use by 5 December. To construct and put into use 2,000 square meters of housing above the plan.

2. To increase labor productivity 2 percent above plan, to reduce construction costs 0.5 percent below the plan, and to deliver one million rubles in above-plan profits. This will be accomplished by taking advantage of outstanding Stakhanovite experiences and by carrying out all-around mechanization of construction and installation work.
